

PRINCIPALITY OF SEALAND

Prime Minister

Greetings at the Turn of the Year 2012/2013

Based on the Friendship and Consular Treaty with the Commissary Government of the German Reich – approved by the SHAEF legislator USA, represented by the then President Bill Clinton – (see the complete PDF documentation under

http://www.principality-of-sealand.eu/chronologie/freundschr_e.html)

the Government Commission *Vril* feels compelled to release further technologies using *Vril* energy, in order to bring about through strategic means the ending of the Second World War by means of the Peace Treaty – according to international law long overdue – between the German Reich and the Allied Powers ("Siegermächte") of the Second World War for the good of all humanity.

At this time there exists only an armistice (see [Enemy States Clause in articles 53 and 107 in the United Nations Charter](#)), this means that both sides may take up combat operations again. As long as a war is not terminated through a peace treaty, no country has the right to claim to be a victorious power.

The present situation in Germany, Europe and the whole world – unrest, social impoverishment by the lowering of the poverty level – is the result of the complacency of politics towards high finance.

Despite all difficulties we wish all of you a Merry Christmas and all the best in the New Year.

December 21, 2012

Johannes W. F. Seiger
Chairman of the Privy Council
and Prime Minister

Urs Thoenen
Minister for Cultural
Affairs and Information

Hans-Jürgen Sauerbrey
Head of the Diplomatic Mission
in the German Reich
