

PRINCIPALITY OF SEALAND

Prime Minister

Seasonal Message 2010–2011

*The Government of the PRINCIPALITY OF SEALAND
has maintained for some years that*

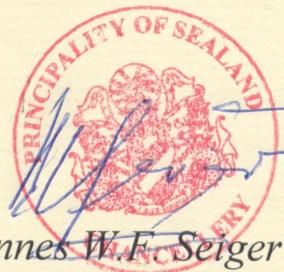

on January 1, 2011

it would begin with the release of the VRIL technology.

*The pretended allied powers of the Second World War, headed by the
SHAEF legislator USA, must at long last end the continuing world
war by the UN states (see List of Enemy States as well as Art. 52 and
107 of the UN charter) against Germany with a Peace Treaty and
concede Germany its full sovereignty.*

*Without a clear gesture in this direction the provision of the funda-
mentals and the activation procedures of the VRIL technology for all
civil, state or military interested parties with all serious consequences
for the general political situation arising there from will be
unavoidable.*

*The Government of the PRINCIPALITY OF SEALAND
(and the complete SEALAND team)
wish you a quiet Festive Season
and a successful and energy-laden
New Year 2011.*

Johannes W.F. Seiger
Prime Minister
